

FIREWOOD ALERT!

The invasive and highly destructive [emerald ash borer](http://www.emeraldashborer.info/index.php) was found in Fairfax County. Perhaps you saw the purple boxes hanging from trees; those bait stations help scientists monitor the borers' infestation. To help prevent spreading this tree-killing insect, purchase only locally harvested firewood. **DO NOT TRANSPORT FIREWOOD ACROSS COUNTY LINES.** If you find this insect, please contact the Fairfax County Forest Pest Program at 703-324-5304 immediately. For more information about the emerald ash borer, visit <http://www.emeraldashborer.info/index.php> and <https://www.fairfaxcounty.gov/publicworks/trees/emerald-ash-borer>. Thanks for your help!
